

TTRA Testimonial
March 13, 2011

"Joining TTRA has been very beneficial - from making connections in the travel/tourism field with both academics and practitioners to exchanging research ideas. As a student, TTRA has encouraged me to expand my research ideas to areas that practitioners are actually interested in and also improve the academic rigor of my writing. If you are a student (or anyone else for that matter), you really should join and get involved with TTRA. You will be glad you did"

Thanks,
Elizabeth Stickel
